Jeanne and Richard,

Should GISB send this out to regions/states/tribes? I am happy to do it if needed.

Hi Dolores –

Just an FYI that this Q&A document has been reviewed by Anne, Jackie, Rick, OGC and Erik Baptist/DAA, edited per their comments, and approved by OCSPP IO for release.

Edits can be made to the introductory page before the Q&As begin. Edits cannot be made to the Q&As themselves without another round of reviews/approvals.

Thanks-
Jeanne

Hi Delores –
Jackie asked that this be distributed to Regions and States. In February, we sent a previous version of this document out via FIFRA regional supervisors, Jackie sent to Vickie to send to RDDs and Yvette sent it to AAPCO/ASPCRO.

I'm attaching a few Outlook items showing the history – and on Jackie's approval to send this out. Please remove those before sending the document out.

Thanks!
Jeanne

Hello all -

As you know, my staff and yours have been preparing for the review and approval of pesticide State Lead Agency (SLA) Certification plans.

In February 2019 we distributed a Question & Answer document concerning the certification rule requirements and the revision and review of certification plans. Attached is an amended Q&A document with newly added Q&As marked with an asterisk (*). Also note that an index has been added to the end of the document.

Please share this document with your pesticide State Lead Agencies and Tribes that have a Certification Plan or State-Tribal agreement.

Thank you for your patience, and please let me know if you have any questions. Regards, Jackie
